WGEI Manila 2019
4th Meeting of the INTOSAI Working Group on Audit of Extractive Industries

WGEI Work Plan Activity 4:
Identification of Extractive Industries (EI) Related Audit Materials and Undertaking Research in EI

For more information, contact Casey Brown at brownc@ga.gov
Overview

• Recap discussion from prior Steering Committee meeting in September 2017

• Extractive Industry Auditors Toolkit (EI Toolkit) Goals

• EI Toolkit Key Features and Demonstration

• Proposed Process for Overseeing and Updating the EI Toolkit
Recap of discussion at 2017 Annual Steering Committee meeting

• Extensive existing and forthcoming guidance

• Not necessary to produce new guidance

• Instead, develop tool to consolidate existing guidance

• Agreement to create online EI Toolkit
Key Goals for the EI Toolkit

- Minimize, as appropriate, the level of review required as part of the Forum for INTOSAI Professional Pronouncements (FIPP) process

- Consolidate existing EI guidance, minimizing the need for review and approval by the Forum for INTOSAI Professional Pronouncements

- Consolidate existing WGEI website resources

- Build the EI Toolkit around the 7-step EI Value Chain
Key Features of the EI Auditor Toolkit

• Organizational structure
• Concise, graphical, and easy to read
• Highlights key content from source materials
• Gives links to organizations and sources so readers can delve deeper into materials
• Provide suggestions for key audit considerations and spur further critical thinking
• Contains a summary of issues related to Artisanal and Small-Scale Mining
Demonstration of EI Toolkit

• EI Toolkit is in draft form and undergoing quality assurance steps.

• Demonstration of EI Toolkit:
  
  • http://www.wgei.org/introduction-to-extractive-industries/
Preliminary Concepts for Overseeing and Updating the EI Toolkit

• Designate an EI Steering Committee member SAI as the EI Toolkit manager for the duration of the current workplan

• In the coming year, we will work to translate the EI Toolkit into Spanish and French and assist with the transition to a new INTOSAI Knowledge Sharing Committee web portal
Preliminary Concepts for Overseeing and Updating the EI Toolkit

• Annual update process

• The EI Toolkit manager will outreach to other members of the Steering Committee via email and solicit proposed edits to the toolkit text, citations, and sources.

• The EI Toolkit manager will aggregate the proposed edits and additions and circulate a revised toolkit to the Steering Committee for approval.

• The EI Toolkit manager will perform necessary quality assurance checks and reviews.
Preliminary Concepts for Overseeing and Updating the EI Toolkit

- External requests to add new material or sources that occur throughout the year
  - The EI Toolkit manager will receive suggestions and requests from organizations and authors to add new sources or material
  - The EI Toolkit manager can use their professional judgment whether to accept or deny these requests
  - The EI Toolkit manager may refer difficult requests to the Steering Committee
  - If the requests are accepted, the EI Toolkit manager will perform necessary quality assurance checks and reviews
