

MINING INDABA DEBRIEF

Optimising Growth and Investment in the Digitised Mining Economy

Legal framework

- Strengthening of PFM systems
- Harmonising all laws and regulations relating to mining with a view of removing regulatory duplications and inconsistencies
- Transparency administration of the sector

Revenue collection

- There is need to invest in technology by revenue authorities to ensure that revenue due to Gov is collected
- OECD working on unified approach esp valuation of intellectually property and other intangible assets
- Consider moving to PSA

Local content

- There is need to come up with local content policy with clear guidelines
- Where procurement of goods local is not feasible , the companies need to demonstrate as such

Artisanal Mining

- There is growing trend to formalise ASM and include in the policy making
- International setters are working on the guidance on engagement with and sourcing from ASM
- Reduce the social and environmental impact

Rehabilitation and closure

- Involve the stakeholders throughout the process
- Integrated in the mining activities
- Oversight of the fund
- No regulatory framework on the release of the fund
